HOME & DRY

Helping young people in need secure a place called home

One year on, welcome to our first newsletter

It's just over a year since Home & Dry was founded as a charity to help disadvantaged young people in Nottinghamshire, facing homelessness. During that time we've been fortunate to partner with Framework; you have referred to us young people, whose lives have then benefited from a leg up, on to the independent accommodation ladder.

How do we help?

We know how difficult it is for young people in need, who otherwise can afford to pay rent, to get themselves in a position where they can also fund a deposit in order to secure safe and independent accommodation.

We help by providing these youngsters with a Home & Dry Starter Grant for their deposit.

What can you do?

If you've identified a youngster in need, in Nottinghamshire, aged between 16 and 25, doing their utmost to get back on their feet and struggling to find a deposit; we'd love to hear from you as we may be able to help.

In the first instance please email us at:

Seven Up

A year on since Home & Dry's inception as a Charity, we're delighted to have just donated our seventh Home & Dry Starter Grant, to enable another deserving young person to afford their deposit and secure their own, independent, rental accommodation.

All of our seven deposit grants have been donated, following the recommendation of various members of Framework's staff. It is your support in identifying a deserving cause that we value so highly.

We'd like to increase the visibility of Home & Dry's offering within the Framework team, as the more of you know about our service, hopefully the more young people we will be able to help.

Without Framework's input, we wouldn't have come this far. Hopefully with a greater level of awareness, we can travel even further on this journey and help significantly more young people secure a place they can call home.
