Home & Dry Partner Values

- Home & Dry work in partnership with organisations and charities experienced in delivering housing and care services to young people in Nottinghamshire, between the ages of 16 and 25 years.
- It is our aim to provide those experts on the ground with an additional financial resource, in the form of a rental deposit (Home & Dry Starter Grant), to assist young people in need, who are otherwise unable to take the next step in their journey towards independent accommodation.
- The number of young people we can help is dependent on the number nominated by our trusted partners and the funds we have available at any one time.
- Our approach is pragmatic. We expedite all suitable nominations for help as quickly as is practical.
- We rely 100% on our Partners to use their professional skills to evaluate nominated individuals and assess that they have developed the life skills to be able to live independently.
- In order to receive a Home & Dry Starter Grant and ensure long term success, our Partners need to assess the individual's ability to pay rent monthly, on an ongoing basis.
- We depend upon the experience of our Partners to check the suitability of proposed rental properties and landlords, verifying the properties are fit for purpose and no conflicts of interest exist.
- Home & Dry's aim is to unblock any potential financial barriers by subsequently paying the rent deposit to the landlord directly, enabling nominated young people to move on quickly and positively.
- We believe that by helping young people overcome the barrier of a rent deposit, it will have a major impact on helping you resettle them effectively and appropriately.

I have read and understood Home & Dry's Partner Values and confirm they are consistent with those of our organisation.
